PROFESSIONAL SUMMARY

Full Stack Software Engineer specializing in TypeScript, JavaScript, React, Next.js and Node.js. Self-taught developer turned Fullstack JavaScript graduate, with experience building modern web applications, REST APIs, Progressive Web Apps and AI-powered solutions. Alongside my core stack, I continuously develop specialized skills in AI Engineering and Cybersecurity. I learn quickly, take ownership across the stack and enjoy turning ideas into working products.

EDUCATION

CHAS Academy, Stockholm

Higher Vocational Education Diploma in Fullstack JavaScript

Two-year software development program including approximately six months of internship.

2024 - 2026

Santa Monica College, California

Undergraduate college studies: Business, Human Biology and Advanced English

2011 - 2012

SOFTWARE EXPERIENCE

Software Developer Intern | Hitract

Stockholm, Sweden

Jan 2025 - Jun 2025

- Built and improved reusable UI components using React, TypeScript and MUI in a live product environment.
- Worked with component-based frontend flows and an established application structure, focusing on clarity, consistency and maintainability.
- Collaborated in a professional development environment and gained hands-on experience contributing to an existing product codebase.

SELECTED PROJECTS

TrioPick | Founder & Full Stack Developer | triopick.se

- Built a mobile-first Progressive Web App from idea to working product, focused on football predictions, accessibility and simple interaction. Developed with Next.js and TypeScript, including backend logic, databases, REST endpoints and third-party football-data integrations.

LogFix AI | Final Project

- Built an AI-driven platform for analyzing server logs, identifying likely root causes and generating or suggesting fixes to make debugging faster and easier to understand.

Nextract | CHAS Challenge Entrepreneur Finalist 2025

- Developed a full-stack B2B application in a team from idea and wireframes to a working solution using React, TypeScript, Express, SQL and AWS.

EARLIER PROFESSIONAL EXPERIENCE

Administrator | Jakobsbergs Vårdcentral, Region Stockholm

2012 - 2025

- Thirteen years in a high-volume healthcare environment involving administration, financial workflows, confidentiality, communication and daily problem solving.

TECHNICAL SKILLS & LANGUAGES
